

NEW LITERATURE RELEASE

Date: February 2, 2004

For Release: IMMEDIATE

Subject: **Duall AroBIOS™ Bioscrubber System**

The Duall **AroBIOS™ Bioscrubber System**, an international award winning, state-of-the-art biological air pollution control technology, is the subject of a new 4-page, full color brochure now available from Duall.

AroBIOS effectively removes odors and gaseous contaminants such as Ammonia, Hydrogen Sulfide, and other reduced sulfur compounds without the use of expensive chemicals or costly incineration methods.

AroBIOS provides:

- Lowest Gas Retention Times
- Easy access, low profile design
- Non-degradeable AroPAC™ biomedica
- Easy to install, factory pre-assembly with mixed flow exhauster
- No expensive chemical costs
- Environmentally safe by-products
